

## Options for Care Today:

### Same-day Appointments

Our Providers can usually accommodate Same Day In-Person Visits if you're sick or have an injury.  
Call our office to schedule.

### Same-day Video Visits

Our Providers can treat many conditions over video, similar to Urgent Care from your home. Call our office to schedule.

### Urgent Care

Urgent Care can offer you help when our offices are closed and you have a minor illness or injury. But remember, to always Call Us First! Alliance Health offers 24/7 access to Providers.

### Emergency Room

24/7 for Emergency Care of life-threatening illness or injury.  
Can include long wait times and high costs, especially if your PCP could have assisted.
